

Running to You

© Jamie Nunnally

Key = **D**

VERSE 1

D **G**

Before I even knew your name, you loved me

D **G**

And though you had nothing to gain, you chose me

D

So I drop everything that's in my hands

G

And release all the baggage that holds me back

Bm **G**

And I make my way towards you

CHORUS

D

Run, run, run I'm running to you

G

Run, run, run I'm running to you

VERSE 2

And if the path gets hard to see, you guide me

And when I'm overwhelmed and weak, you lift me

So I give you my worries, my needs and wants

Cause your grace and your kindness demand a response

And I keep my eyes fixed on you

BRIDGE

A **Em** **G**

Take away all the things that harm me,

D

All the things that keep us apart

A **Em** **G**

I release all the fear that binds me,

G

I won't be afraid anymore
